

Professional Summary

Second-year Computer Science Engineering student at Kumaraguru College of Technology with a CGPA of 9.0. Passionate about software development, UI/UX design, and web technologies. Skilled in Python, Java, C, and front-end development. Interested in building user-friendly applications and continuously learning emerging technologies.

Education

Kumaraguru College of Technology, Coimbatore Bachelor of Engineering (Computer Science and Engineering) 2024 – 2028 CGPA: 9.0

Technical Skills

- **Programming Languages:** Python, Java, C
- **Web Development:** HTML, CSS, JavaScript, React
- **UI/UX Design:** Figma, Wireframing, Prototyping
- **Tools:** Git, GitHub, VS Code, Canva
- **Database:** MySQL

Projects

Calculator Web Application

GitHub

- Developed a responsive calculator application using HTML, CSS, and JavaScript.
- Implemented arithmetic operations and interactive user input handling.
- Applied responsive design principles for usability across devices.

Personal Portfolio Website

GitHub

- Designed and developed a personal portfolio website showcasing projects, skills, and certifications.
- Built a responsive interface using modern web development practices.
- Integrated professional GitHub and LinkedIn profiles.

UI/UX Design Projects

- Created wireframes and prototypes using Figma.
- Focused on user-centered design, accessibility, and visual consistency.
- Developed interface concepts for web and mobile applications.

Certifications

- IBM Artificial Intelligence Fundamentals
- KCT Emerging Domains
- KCT Emerging Domains in Computing (Coursera)

Academic Highlights

- Maintaining a CGPA of 9.0 in Computer Science and Engineering.
- Active learner in software development, UI/UX design, and emerging technologies.
- Developed personal projects and maintained them using GitHub version control.
